**Inspection Notes of C.D.Kumar, SEO, Chitradurga**

Name of The Industry visited	M/s Anitha Industries Spl. Plot #3, Industrial Estate Antharasanahalli II stage, Tumakuru
Date of Visit	12.12.2017
Officers Accompanied	Ashok, AEO
Person Contacted	Praksh KS- Occupier of M/s Durga Pebbles

It was a hazardous waste re-processing unit viz re-processing of used lead acid battery unit located in designated industrial estate. The Consents issued under Water Act 1974 and Air Act 1981 has expired on 30.06.2017 and also Authorisation granted under HWM Rules 2008 has expired on 30.06.2015. The unit was visited in view of the instructions issued in HO Memo dated 05.04.2019 under random inspection of organization identified based on computerized risk assessment and following are the observations.

- The unit has stopped re-processing of used batteries long back and also removed all plant & machineries including chimney of old plant. The used battery containers, slag, ash noticed earlier by RO were also removed from the unit premises.
- New quartz crushing unit M/s Durga Pebbles has established in the premises. During discussion the Occupier of new unit informed that he has taken the premises on lease basis during August 2017 and the site was vacant during that time. Further he informed that trial run of the new unit has taken and also approached the RO for CFE/CFO.
- As per the records of RO, the occupier has not informed about the closure of activities besides not surrendered the consent/authorization/pass book secured from the Board.

Since the unit has closed operations and removed the plant and machineries and new unit has came up in the premises the file pertaining to M/s Anitha Industries may be closed.

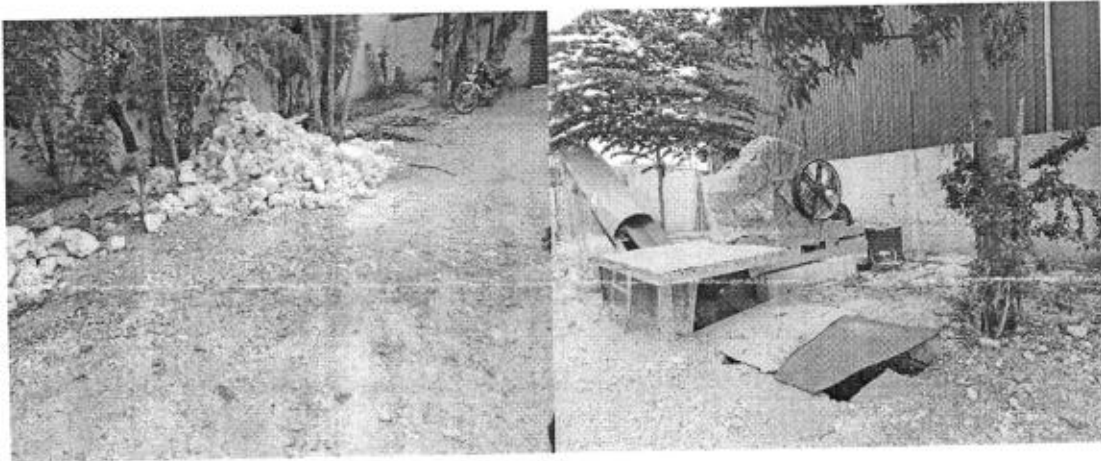

The photographs taken during visit are enclosed.
