PREAMBLE:

With reference to the above subject and to promote Ease of Doing Business in the State, comprehensive online systems have been developed for all industry services (Consents/authorisations/registrations/renewals) wherein service approvals shall be applied, accepted, and processed mandatorily through online mode only. Online systems are available for following services:

- 1) Disposal of consent for establishment/expansion applications under Water(Prevention & Control of Pollution) Act 1974 and Air(Prevention & Control of Pollution) Act 1981
- 2) Disposal of consent for operation applications under Water (Prevention & Control of Pollution) Act 1974 and Air(Prevention & Control of Pollution) Act 1981
- 3) Disposal of authorisation applications under Hazardous & other Waste (Management & Transboundary Movement) Rules 2016
- 4) Disposal of registration applications under Plastic Waste Management Rules 2016
- 5) Disposal of authorisation applications under E-waste (Management) Rules 2016

Further, as per reference (1), it is to be ensured through notification that all the applications are submitted online only with no requirement for submissions of a hard copy (applications cannot be accepted offline). The online system must facilitate applicants to fill up the online application form, upload documents, application submission, e-payment, tracking of application status, and downloading the final digitally signed approval/rejection certificate. The applicant must receive SMS and email notifications at critical stages of application processing such as application submission, query submission, and response and approval or rejection at various levels respectively.

Also, the processing and approval by each approving department/ agency are done mandatorily online without any further requirement of physical presence or manual submission throughout the process.

Besides, an online provision to be provided for Third-Parties to facilitate verification about the authenticity of the approval or rejection order by Karnataka State Pollution Control Board.

Hence, this order:

In the circumstances explained in the preamble, the following key features are mandated in the online system for aforementioned industry/organisations services henceforth:

- 1) Online application, uploading of documents, and submission of application by the applicant
- 2) E-payment of application fee for the industry/organisations services
- 3) Online processing and approval by concerned Board officials and approving authorities
- 4) Online facility for tracking the application status
- 5) Digitally signed final approval certificate from applicant login
- 6) Integration of SMS gateways and emails with the online system, so that the applicants can receive notifications at critical stages of application processing
- 7) Online provision for Third-party verification about the authenticity of the consent/authorisation/registration granted by the Board.
- 8) Disposal of application within the stipulated timeline as mandated under SAKALA (Public Service Guarantee Act)
- 9) Online provision for applicant and concerned officers to view/download the inspection reports

Further, the consent fee structure and procedure covering all applicable steps, from the application procedure is also available on Board's website/XGN portal.

This shall be with effect from the date of publication of this order.
