Eso, Eee

Accordingly, the State Government has constituted State level River Rejuvenation Committee (RRC) vide Government order No. FEE 214 EPC 2018 dated 24.11.2018 under the chairmanship of the Principal Secretary to Govt, DFEE, GOK and with members consisting of Director, Municipal Administration, Commissioner for industries and Member Secretary KSPCB as Member Convener. Further, the State Government vide its order No.FEE 214 EPC 2018 dated 03.11.2019 has constituted the District level "special Environment Surveillance Task Force" for each district with the Deputy Commissioner of the District as its Chairman, Superintendent of Police and a representative of District Legal Services Authority as its Members and Regional Officer, KSPCB as its Member Convener.

He further informed that, the District Committee has to submit a monthly action taken report to the State Level RRC and in turn the State Level RRC has to submit quarterly report to CPCB on the implementation of the action plan.

Member Convener briefed about the sources contributing to the pollution of Lakshmana Theertha River, Kabini River & Cauvery River. He stated that the major contributor for the pollution of the Kabini River is sewage from Nanjanagud Town joins to River Kabini, sewage from T Narsipura Town joins to River Kabini at Bridge side & sewage from Hunsur Town joins to River Lakshmanatheertha at the downstream of water supply intake point. However, the sources of pollution pertaining to Mysore District are as follows.

1. Sewage from the Nanjanagudu town (UGD Missing link & the Un-treated sewage).
2. The constructed new Sewage treatment plant and wet wells were not in use at Nanjanagudu & presently the whole sewage generated from the Nanjangudu town limits joins to River Kabini.
3. Solid waste from Nanjanagudu Town (dumping on River bank)
4. Throwing of garbage, clothes in the bathing Ghat of Sri Srikanteshwra Temple premises, Nanjanagudu.
